Guest Speaker: We are honored to welcome Keynote Speaker Kimberly Bennecke-Danicich, Executive Director of SouthWest Options for Women, along with special guests, the founders of PCCMN – the Pregnancy Coalition of Minnesota. PCCMN, which includes Kimberly, is a unified voice for all of Minnesota's pregnancy resource centers, working together to strengthen, support, and expand life-affirming care across our state. Kimberly leads one of Minnesota's fastest-growing pregnancy resource centers, providing compassionate care, practical support, and lasting hope to women and families facing unexpected pregnancies.

She will share an exciting update on SouthWest Options' new location, expanded programs, and how this new space positions the organization within the changing landscape of pregnancy resource centers in Minnesota—rising to meet the need like never before.

The founders of PCCMN will also introduce this new coalition to our community, sharing their vision of "A Unified Voice for ALL of Minnesota's Pregnancy Resource Centers." Come be inspired by stories of growth, unity, and the powerful impact of standing together for the dignity of every human life.

KIMBERLY BENNECKE-DANICICH
